

Developer API

`tensorflow.TensorArray`

`treeflow.tree`
Tree representation

`treeflow.traversal`
Tree traversals

`treeflow.acceleration.native`
Native likelihood and
ratio transform ops

`treeflow.distributions.tree`
Tree priors

`treeflow.tree.io`
Tree reading and writing

`treeflow.bijectors`
Bijections on times on trees

`treeflow.evolution`
Substitution models

`treeflow.model.approximation`
Tree posterior approximations

`treeflow.vi`
Fixed topology variational inference

`tensorflow_probability.distributions`

User interface

`treeflow.model.phylo_model`
Model specification

`treeflow.cli`
Inference command line interfaces
